

REMARKS

By the present amendment, claims 1-11 have been canceled. Claim 23 has been amended. Claims 41-46 have been added. Claims 12-46 are currently pending in the present application.

In reply to the Restriction Requirement, Applicants hereby elect group 2, as defined in the Restriction Requirement. Claims 12-40 read on the elected species. As a result of this election, claims 1-11 have been canceled. The Applicants reserve the right to present the cancelled claims in a divisional application.

This election is made without traverse.

By the present amendment, claim 23 has been amended to correct a typographical error. No change in claim scope is intended or should be inferred.

By the present amendment, claims 41-43 and 44-46 have been added. These claims are believed to be drawn to the elected group 2, by virtue of their dependency from claims 12 and 30 respectively. Claims 41-43 and 44-46 are believed to be allowable by virtue of their dependency from claims 12 and 30, respectively, as well as for the additional features recited therein.

Claims 41-46 are believed to be supported by the specification as originally filed, at least because they recite features that were recited in claims 4, 8 and 9 as originally filed.

In view of the above remarks, the Applicant respectfully submits that all of the currently pending claims are allowable and that the entire application is in condition for allowance.

Should the Examiner believe that anything further is desirable to place the application in a better condition for allowance, the Examiner is invited to contact the undersigned at the telephone number listed below.

At the time of filing of the present response, no fees were believed to be necessary. In case any fee should be necessary, the Office is hereby authorized to debit Deposit Account number 502977.

Respectfully submitted,

/Jonathan David Cutler/
